

# THE ALL-NEW HIGH SPEED BSL BLADE FROM GENERAL TOOL.

## METAL, YOU'VE MET YOUR MATCH.

The **all-new 14" High Speed BSL blade** from General Tool is designed to cut steel, stainless steel, rebar, studs, bolts, pipe and sectional tubing. The steel core and **high-quality diamonds** ensure fast cutting speed and very long life compared to standard abrasives. The blade is designed for use on high-speed gasoline cutoff saws or higher powered chop saws, giving ultimate user flexibility.

#### APPLICATIONS

Steel Decking, Bar stock, Sectional tubing, Round tubing, Angle iron, Ductile iron, Forgings, Metal plate, Steel pipe, Steel wall stud bundles, Rebar bundles, Sheet metal, Stainless steel
